NAVY ENVIRONMENTAL LEADERSHIP PROGRAM

INFORMATION TECHNOLOGY**POLLUTION PREVENTION TECHNOLOGY RESOURCES WEB PAGE****LEAD ACTIVITY**

Naval Aviation Depot (NADEP) North Island

STATUS

Complete

MISSION

Provide access to information regarding pollution prevention (P2) technologies via an NADEP Intranet Environmental Web Page

REQUIREMENT

To encourage and enable use of P2 equipment and approaches, access to current P2 information is required.

DESCRIPTION

A Web resource page within the NADEP North Island Intranet has been created to allow access to P2-related Web sites. The Web page includes indexed hypertext links to Navy, Department of Defense (DoD), and other P2-related sites, giving NADEP staff quick access to P2 reports, databases, and other information. Sites linked to the Web page include the Joint Service Pollution Prevention Technical Library Site, Naval Facilities Engineering Service Center (NFESC) P2 page, and Enviro\$en\$e page. In 1999, the hypertext will be added to the NELP Web site for all agencies to access.

BENEFITS

- Lessons learned regarding P2 are easily accessed by NADEP staff
